

Owner-Occupied Commercial Real Estate Loans

Lending in partnership

Traditional capital and equity requirements put real estate purchases out of reach for too many entrepreneurs. Craft3 aims to change that by working with borrowers unable to qualify for bank financing and helping them become bankable.

We're a nonprofit community lender focused on entrepreneurs and building a thriving, just and empowered Pacific Northwest.

If you know a business owner who is looking to purchase their building, we'd love to help if we can. Please contact us!

CUSTOMER STORY

Salvadorean Bakery

Seattle, Washington

Sisters Aminta and Ana operated a bakery in a leased space for many years. They were motivated to purchase a building that could become a flagship location, help them build generational wealth, and safeguard against displacement. The Craft3 lending team crunched the numbers and tested financial projections so they could secure a loan to acquire a property and finance renovations.
