

YOUR BUSINESS JOURNEY

We hope this business journey graphic helps you think about your next steps and anticipate potential setbacks. It's important to remember that the business journey is typically full of twists and turns and that you'll likely be working towards several milestones at once.

The milestones and setbacks listed below mostly focus on financing because that's our core expertise. At Craft3, we support entrepreneurs throughout their journey, whether by providing a loan, connecting you to resources or professional services, or advising you about your projections and use of funds.

YOUR BUSINESS JOURNEY

Reflecting on your business journey

List the steps you feel you've completed.

What do you see as the two most important next milestones for your business?

How will you attain those milestones? NOTE: If you have a question, contact us and we'll help if we can!

▶▶ CRAFT3

Craft3 is a nonprofit lender that makes loans in Oregon and Washington — often to those that don't qualify for traditional financing.
